THE STORY OF A SCHOOL

Begun in 1894 as Harvey High School with an enrollment of 22 students, Thornton Township High School presently serves the needs of more than 4400 young people. Ten members comprised the first graduating class of 1896. By 1909 the student body had swelled to 255, and in 1919 it had reached 388. During the next decade the enrollment more than tripled reaching 1233 in 1929. From its beginning in a church basement, the high school has striven to keep pace with the ever increasing numbers. The original school building was overcrowded and a double shift was necessary in 1934. An addition was begun in 1936, the first of many which has led to the sprawling facility which we recognize presently as our school. Thornton Township High School is proud of its high standards, fine facilities, tradition of success, and concern for the individual needs of each student. Coupled with this has been a history of able leadership and responsibilities. This is the story of a school, but hardly an ordinary school.

SEVENTY YEARS OF SERVICE TO THE COMMUNITY

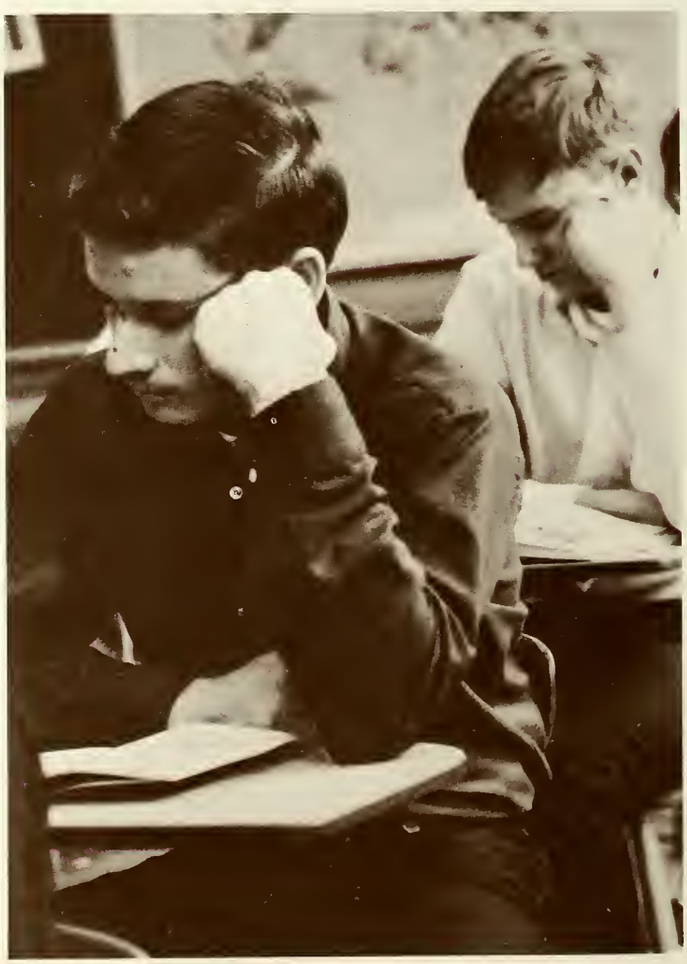
Approximately 4400 students currently attend Thornton Township High School, and seek to acquire the necessary knowledge and skills to lead a complete intellectual and social life as modern young Americans. They come to TTHS from eleven communities comprising an area six miles long and six miles wide. The high school has served this area for more than 72 years.

The buildings which constitutes the physical plant are equipped with every device known in modern school planning for the comfort and convenience of students and teachers alike. Begun in 1900 with a staff of four, the educational complex now covers more than 28 acres and provides some 564,400 square feet of instructional area. Each new addition as it arose has been modern and efficient; a tradition which began with the erection of the first main building.

The teaching staff now exceeds 260 members and is backed by a responsive and conscientious supporting staff of 150.

As has been in the past, Thornton High School continues in the present to be respected for competently and professionally fulfilling the needs of all her sons and daughters. At Thornton *knowledge is power.*

DEDICATED TO SERVING THE NEEDS OF ALL STUDENTS



Never has a generation so highly aspired to acquire the vast wealth education brings. Fifty percent of Thornton's students go on to college. Most attend Thornton Junior College or other Illinois institutions. Realizing the importance of a college education, Thornton has provided a top flight educational program. TTHS's basic curriculum assures each student the necessities for academic success. Aware of the fact that education is a lifelong process by which a person grows as a result of his experience, Thornton has further provided a wholesome atmosphere in which its students might develop full social awareness. However, not all students seek to further their education beyond high school and for these Thornton has established courses to develop these young people into individuals capable of fulfilling an immediate role in the community. At Thornton each student has a value.

STAFFED BY COMPETENT AND PROFESSIONAL TEACHERS

Prospective Thornton teachers are selected from approximately 450 placement bureaus. Recommendations and credentials of college graduates seeking a teaching position at the high school are carefully surveyed by the personnel director, the principals, and the department heads of both Thornridge and Thornton high schools. Thornton's faculty members are generally understanding, considerate, and willing to help the students. Professional and academically well integrated, Thornton's teachers rank high in leadership qualities. Illinois State law requires beginning teachers to obtain a minimum of eight semester credits of student teaching in their selected field before certification.

With the joint participation of Illinois universities and colleges, teachers are selected to serve their internship in our classrooms. The student teaching program is beneficial to the student teachers, the experienced classroom instructor, and the students of Thornton as well. The apprentice instructors learn new methods of teaching and communicating with students in and out of class. Likewise, the regular teacher shares his experience with the young professional.

KEEPING PACE WITH CHANGING EDUCATIONAL NEEDS

Several generations have now attended the high school in Harvey. In these years during which the school has marked its growth, the surrounding communities have changed, society has changed, and the way of life for people has changed. With all their energies, wise, professional educators have striven to build a strong and tantalizing curriculum designed with the new generation in mind. Programs in distributive education for business majors have long been a functional reality at Thornton. The PILOT program has gained national recognition. Discovery centered science courses such as the IPS, BSCS, and Chem Study programs are open to well motivated students. Advanced courses in mathematics instruction are offered to challenge the most analytical minds. Current events generate interested students to enroll in the newly initiated black history course. Artistic creativity is molded then formed in ceramics, jewelry making, and sculpture. There is something for everyone at Thornton.

LEADING IN CURRICULUM DESIGN

Begun in 1964, the Program in Limited Occupational Training is designed for the vocationally oriented student. The program is such that it consists of a retail store, Campus Crafts, and a resale shop, Teen Togs.

Campus Crafts, in addition to the retail store in downtown Harvey, houses a ceramics room, a printing and bookbinding workshop, a wood shop, an auto wash, and a repair area. All are staffed by dedicated professionals.

A vocationally oriented consumer education course is offered by the Teen Togs. Girls in this phase of the program have organized and now operate the resale shop. This education course in merchandising and related arts awards two credits towards the students' graduation.

PROVIDING FOR THE EXCEPTIONAL STUDENT

At Thornton the special needs of each student are provided for. Classes for the Trainable Mentally Handicapped assemble in the First Lutheran Church of Harvey. Now in its third year, the class of fifteen students and two instructors represent another excellent example of District 205's demonstrated leadership in the field of modern education. Under the direction of capable and dedicated instructors the students are guided into study courses which will prepare them for their confrontation with society. The program assists them in attaining a productive social role as well. A wide selection of visual aids and varied field trips offer a stimulus for learning. Coupled with these aids and trips is a program of physical therapy designed to increase learning power. Good health habits and gracious manners are also among the instructional goals. It is the aim of the TMH program to teach the students the words they need to know for their own welfare and to make them socially acceptable.

EQUIPPED WITH THE NEWEST INSTRUCTIONAL AIDS

Many approaches have been utilized to improve classroom instructional effectiveness. Over the years, facilities have grown to match the steady and rapid increase of a school population.

Presently in operation, the art department offers its students the opportunity of making use of the stoneward kiln for ceramics. Such an apparatus allows students to complete a finer textured and better wearing, quality ceramic.

Thornton's a u d i o - v i s u a l department has modern equipment such as the multi-sensory mobile cabinet unit. Among the audio-visual equipment available in this cabinet are table top screens, an overhead transparency previewer, and an 8 mm. cartridge projector.

Included among the new learning aids is a stereogram employed by the social studies department. This device permits one to view a three dimensional study of concepts.

Individualized instructional techniques are generally regarded as offering the greatest potential for improving instruction.

OFFERING A COMPREHENSIVE PHYSICAL EDUCATION PROGRAM

Beneath the massive walls of the fieldhouse, gymnasium, and surrounding athletic facilities, the process of conditioning the body and competitive mind is undertaken. Thornton's children, under the supervision of thirty physical education teachers, are introduced to a wide selection of activities. Such vivacities, designed to indoctrinate each student in technique and to build stamina, include track and field, dance, gymnastics, swimming, weightlifting, and a variety of calisthenics. The fieldhouse, a modern and efficient complex, harbors much of the activity. Each class is attended daily for a period of six weeks. Classes are rotated so that a student is assured of frequenting each type of activity at least three times in his four years at Thornton. For those wishing to excel in athletics beyond the classroom phase, varied programs in junior varsity and varsity athletics and GAA are in operation throughout the year. The well organized program in physical education and the splendid facilities which house it are the finest in the modern sense.

SEEKING TO ENRICH THEIR CULTURAL BACKGROUNDS

Primarily on its own, but also with the assistance of the federal government and private benefactors, TTHS strives to supplement and enhance the regular school curriculum with enriching experiences which will motivate the student to seek similar experiences on his own on a regular basis.

Regular Saturday enrichment field trips appeal to large numbers of Thornton students. Federally funded, the program relies on the vast cultural opportunities afforded by the Chicago metropolitan area.

Established by a Thornton graduate in honor of his father, a TTHS teacher and counselor, *The Zimmerman Fund,* seeks to contribute to the cultural development of talented and interested students by making possible their attendance at concerts, art exhibits, and plays.

In addition, special guidance services, tutoring, and speed reading are provided for those students who would profit most from them.

AND THE PRIMATES

FEATURING A FULL SUMMER PROGRAM

Many area students turn summer time into *opportunity time* by enrolling in the Thornton Township High School summer session. These students realize that summer school can play an important role in their total academic outlook. A broad range of courses is offered from Clothing II, which includes tailoring techniques and actual making of apparel, to Basic Math I or English I. Auto shop and advanced auto shop courses are available for the "mechanically minded" scholars. Those interested in mass communication are sure to favor the radio and television course offered by the speech department. Radio and television students are taught the responsibility of broadcasting, televising, and studio lighting and writing. For those who are interested in physical education instruction, trampoline, tumbling, gymnastics, swimming, and individual athletics may be had. A number of courses are open to elementary school students who wish to take advantage of Thornton's timely summer session. At the end of the summer semesters, a student receives credits, in addition to his feeling of accomplishment, which may be applied toward graduation.

MAINTAINING STRONG CONTACTS WITH PARENTS AND COMMUNITIES

In order to establish a sounding board for student opinion a President's Advisory Board was established. This board, composed of the principal and presidents of school organizations, meets every other week. PAB has constantly proved its worth by allowing representatives from all clubs a chance to voice student opinion on pertinent school matters.

Thornton's Parent Teacher Association functions to create a warm relationship between teachers and parents. Meetings, which provide a variety of interesting subjects, permit them to become acquainted. Their particular goal is to make parents concerned and knowledgeable of school life and to provide a successful student-teacher relationship.

Thornton's Principal Advisory Committee allows teachers to voice their opinion and to become acquainted with fellow faculty members. PAC meetings deal with discussion of policies in a friendly, personal atmosphere.

STOP

THESE ARE THE THORNTON STUDENTS

Among the students of Thornton Township High School there is a wide range of religions and races represented, as one may well imagine. There is, within the members of our high school community, a deep interest in promoting sound human relationships. It is only the self-centered man who continues to put his interests in the primary position.

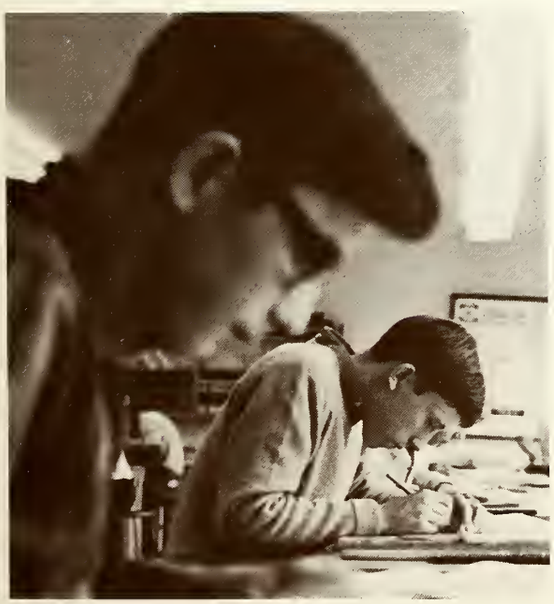
The long and lanky, the stubby and chubby, the boy with acne, the creamy complexioned young girl, the bookworm, the rollicking party-minded individual, *all* seek to promote good will among the segment of humanity called TTHS.

It is here, they understand, that this spirit of good will and understanding must be nurtured if it is to be transplanted into the world in which they will later move.

Thornton is a unique place, a place for young people to think, to reflect, to grow, to act. Thornton is a place for people preparing for happy and fulfilling lives in a new and understanding world.

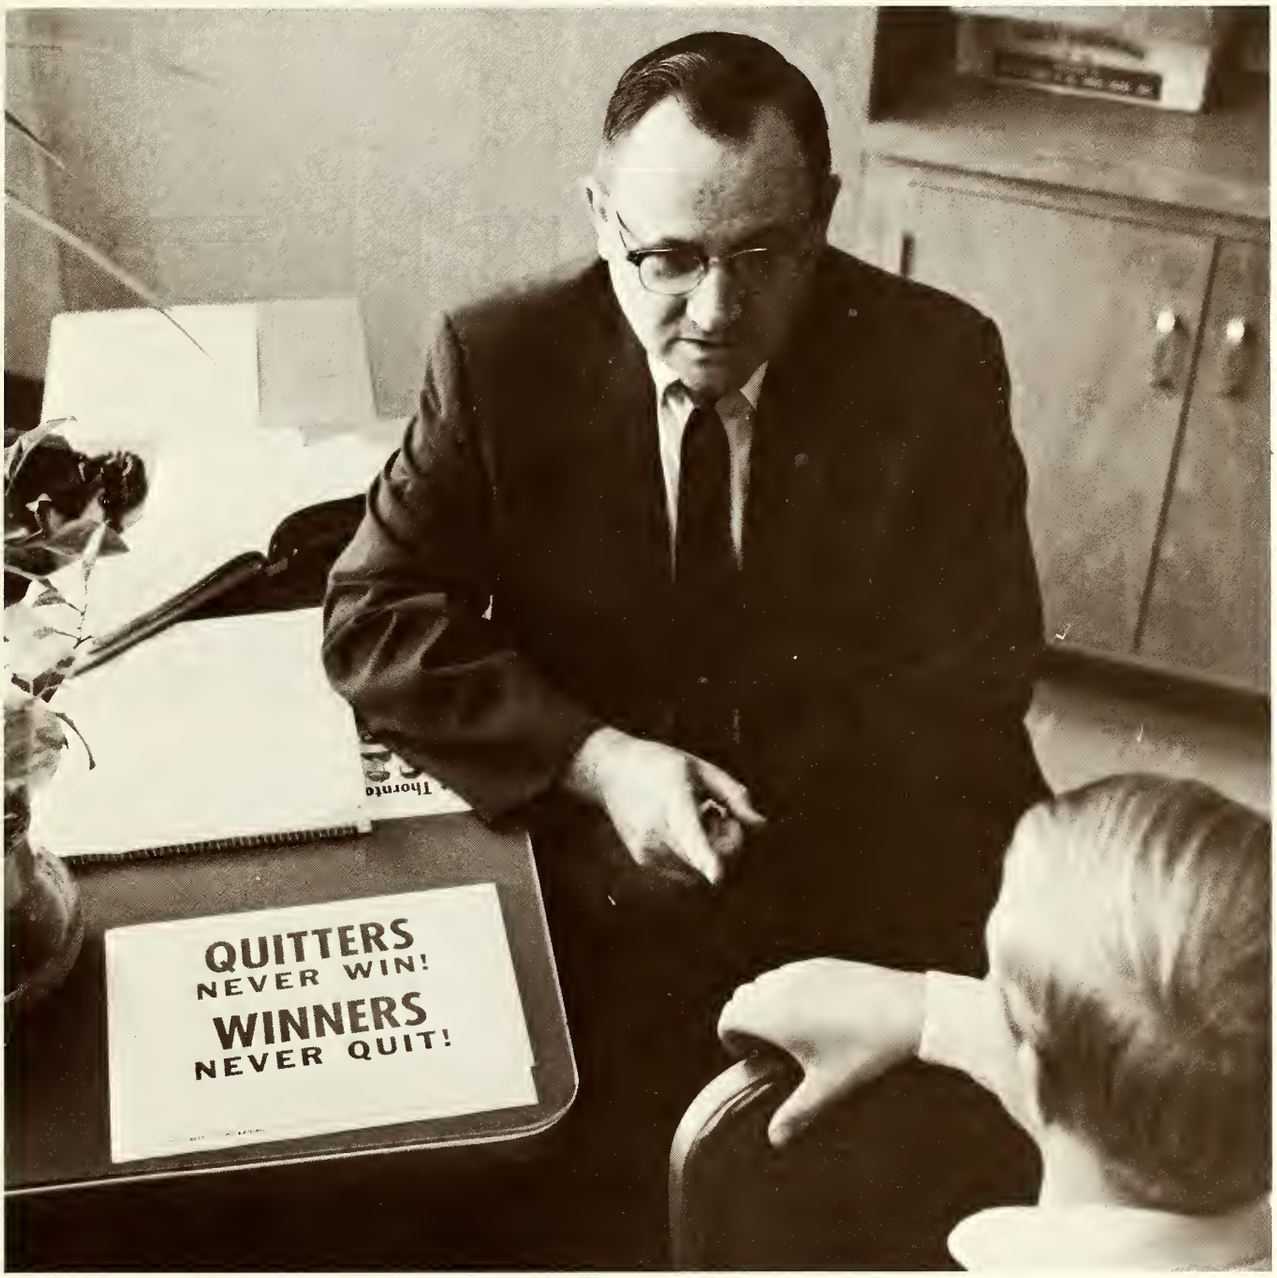
THEY ARE BONDED TOGETHER BY COMMON INTERESTS

"Did you do your homework last night?" "Albee *is* off-Broadway theatre!" "Got my tickets for the Hendrix concert." These are the sights and sounds of Thornton students. Fifty-five clubs capture and enhance the spirit and enthusiasm of Thorntonites. Organizations ranging from the Chess Club to Future Teachers of America to participation in the speech and theatre department are fine examples of the comprehensive and inspiring activities offered. Traditional school organized functions such as pep assemblies, KIP's student council week, homecoming and the junior-senior prom provide timely opportunities for friendships to grow and prosper. Hundreds of spirited and fanatical *Wildcat* fans assemble together in the gym and football stands to cheer their prospective teams on to victory. Drives to collect money for such causes as Biafran Relief unite Thornton and foster understanding and togetherness.



THEY ARE GIVEN HELP AND DIRECTION

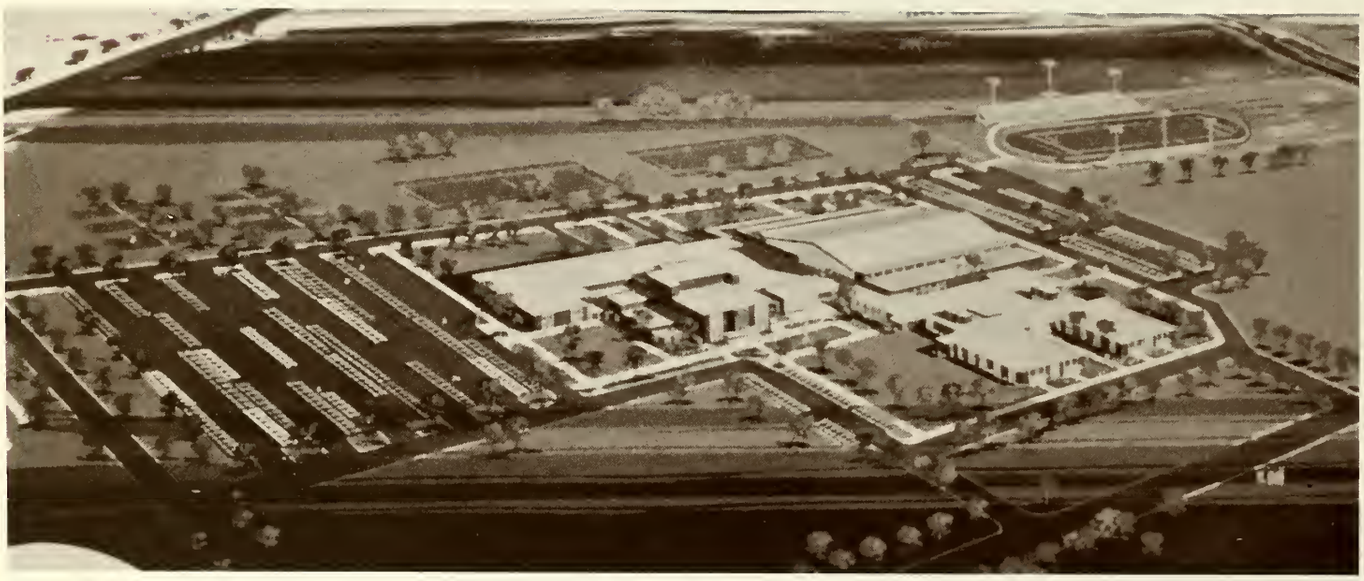
One of the most important persons in the high school student's life is his counselor. The counselor is dedicated to helping the students with their educational, personal, and vocational problems. A Thornton counselor is a highly trained individual ready to help a student with his problems or to direct him to a member of the community or faculty who can. This means that the counselors are well acquainted with the members of the surrounding area who are interested in the young student and his particular problem. Thornton's able college counselor advises academically oriented juniors and seniors concerning their post high school life. She informs the students about the tests that they must take to get into the institution of their choice. She also arranges meetings with visiting representatives from the campuses in which the students are most interested. She keeps a supply of college catalogues and brochures on hand and advises the students about the financial problems college attendance brings. All of Thornton's counselors are friendly and likeable.



QUITTERS
NEVER WIN!
WINNERS
NEVER QUIT!

THEY LOOK FORWARD TO FULL AND PRODUCTIVE LIVES

An infinite array of open doors lie before the individual who is aware and perceptive. It is the aim of our high school to see that these doors are tried and opened. Thornton's children have a wide variety of aspirations ranging from the extremeties of simplicity to complexity. After leaving Thornton, most students plan to pursue the apparent rapture of a "happy home and happy children." Our students focus also on the fulfillment of *self,* establishing peace "within and without." Although most aspirations are shallow, there are those hopes which run deeper than "three children in the home and two cars in the garage." Although some individuals have perceived the existing malignance and apathy in a melancholy society, their fervent hopes are for a change where all people might find themselves "and then proceed to an apprehension of Truth." Thornton students pursuing these concepts will be tomorrow's heroes.



THE EDUCATIVE PROCESS GOES ON

Over the many years, Thornton has expanded greatly to match the steady and rapid increase of a swelling school population. Every effort is exerted to provide a purposeful educational program. A need for a balanced education is increasingly strong at Thornton and those closely associated with its growth and expansion realize the desire of the township's children to acquire more knowledge. Curricular changes and federally funded programs are available to care for the varied interests of students coming in from our large township.

And the educative process goes on. Completion of a third high school, Thornwood, is expected in the fall of 1970. Proposed for the new high school is a more spacious campus and ample student meeting rooms. This fine school will certainly add to the pride of District 205 and its family of high ranking educational institutions.

NINETEEN HUNDRED SIXTY-NINE

YEARBOOK STAFF

All of those students who produced the 1969 *Thorntonite* yearbook feel that the trials and tribulations they experienced were certainly unique. There were times when chaos reigned supreme as the staff staggered through stacks of names, dates, events, photographs, and carbon copies of just about everything. As each deadline approached the adviser moaned, groaned, threatened, cajoled, and tried every method at his disposal to provoke a response from the apparently lethargic journalists.

Determined not to go down in humiliating defeat the staff refused to *lose its cool.* In the face of impending crisis and disaster the kids proved their true mettle by rising to the occasion. With sweat beaded on their brows, while overtime above and beyond the call of duty became common place, and because taxation of brains to the limit was the thing to do, *the challenge was met* head on. The students in TC 104 showed themselves ready to grab the bull by the horns.

As the final deadline approached the tension mounted. The journalistic activity increased as the students worked themselves to a fever pitch, each individual effort meshing with the efforts of others like cogs in a superbly crafted machine.

The climax, the high point of the entire year, was realized when the last picture was cropped, the last line of copy was typed, and the final consignment was in the mail to Buffalo. The 1969 *Thorntonite* had, at last, gone to press!

Realizing the acute need for the versatile individual in our modern world, Thornton strives to provide the student with a variety of social and cultural atmospheres. School life, therefore, is rich and varied. A myriad of curricular and extracurricular activities is available. Because of the multitude of cultural, educational and social activities, the perceptive student may taste of the diverse situations promised in the future. Students are encouraged to experiment and thus precipitate new skills and new abilities. Success in these ventures assures the students of his ability to cope with our modern world.

1968 SCWEEK

Sponsored by KIP, the student council, is Scweek, an annual event. The purpose of such a week was to promote better relations between the student body and the faculty while at the same time giving the academic atmosphere a delightful change. In the long boring weeks of school, Scweek was the most looked forward to of them all. Each day of this exciting week called for a different attire. There were days such as: sock-it-to-me day, grub day, and even old fashioned day. Not only is Scweek Week a week of fun, but it had its serious side too. One day was devoted to election of senior class president, and another to the honoring of great people, such as the assembly held to honor Reverend Dr. Martin L. King. This important day was declared a dress-up day. To conclude the week, a student-faculty game gave both the teachers and students a chance to flex their muscles and provide entertainment for the viewers. Following the game there was a sock-hop. Scweek is better each year. All we have to do is wait for next year's to roll around.

1 Smartly dressed Deborah Steele and Terry Jones enjoyed waiting for the activity bus to arrive.
2 As part of the fun, Frank Avola took time out for a pickle.
3 Grubby Gail Piernas showed her classmates how to enjoy SCWeek.
4 Alan Stojak stepped out in style.
5 Ready for grub day fun were Yolanda Green, Evelyn Doyle and Gloria Whiteside.
6 Chris Cummins wore what he called his *Sock-it-to-'em* outfit.

THEATRE SEASON

Thornton's Speech and Drama Department has a secret! Their secret is that of *student involvement*. Students serve as directors, costume managers, make-up artists, property custodians, lighting technicians, and of course, actors. In *The Mouse That Roared* the little ol' winemakers from Grand Fenwick were Gail Krygowski, Keith Elliot, Randy Hellman, Gary Zychowski, Robert Rupp, and Bill Jay. The student director for the spring of 1968 hit was Rita Juskevice.

Opening the fall theater season production was *All My Sons* directed by Gail Krygowski. The story centers around an engineer who shipped faulty aircraft engines resulting in many dead servicemen. Another is blamed for his criminal acts and is sent to prison. Finally the truth comes out and Joe Keller, ashamed, takes his life for killing *all my sons*. Lou Macaluso, Jill Adams, Denise Deland, Rich Michau, and Jim Davis starred in the sentimental drama.

1 Secretary, Carleen Parrish, hurries Lloyd Whiteurst, Secretary of State, on to a meeting with the President.
2 Jim Davis looks stern while dramatizing his part in *All My Sons*.
3 Preventing their father, Randy Hellman, from leaving are his two daughters, Lois Lucas and Sue Macander.

THEATRE SEASON

Don't you wish everybody had a lamp to rub and have their wishes granted by the lamp's genie? Keith Elliott was the lucky man, Aladdin, in the fantasy play, *Aladdin And The Wonderful Lamp*. One of Aladdin's wishes that was granted was the return of his beloved wife, Adora, played by talented Lois Lucas. The reason for this wish was that Ralph Towers, the African Magician, kidnapped Adora, taking her away from her father, the Sultan, played by Stanley DeSantis. *Aladdin And The Wonderful Lamp* filled the "Generation Gap" with an evening of entertainment for all.

Time; unknown, Place; Rosum's Island, and Destination; The end of man and the start of a robot empire. *R.U.R.*, Rosum's Universal Robots, is a play that excited all science fiction fans. Harry Domin played by Don Lyman and Helena Glory by Barbara Jacobson were the two characters that manufactured these robots, the mass production of which brings them to their doom.

VISITING STUDENTS

Want to get away from the daily grind? Try a stay in a foreign land learning about the customs, the traditions, the people, their everyday lives, and the country itself. Anyone's interest would be captured by a treat like this. One lucky boy from Thornton, Martin Krause, has spent his senior year in Marseille, France, and what an exciting year it has been! Thanks to the American Field Service Foreign Exchange Program his dream was made a reality.

Thornton was not only sending but was also receiving exchange students and served as their home away from home. Remy Morton Tshibangu from the Congo, Samba Gning from Senegal, and Pedro Harada from Peru are the three foreign exchange students we received this year. Going on to study mining engineering at the University of Illinois in Champaign, Remy stayed with the Andrew Smith family who acquainted him with our customs. Samba lived with the Stanely Duncan family and entered DePauw University in Greencastle, Indiana. Pedro Harada while living with several area families spent the entire school year here at Thornton as Martin Krause did in France.

1 Thornton's ambassador to France, Martin Krause, has spent his senior year in Marseille.

2 Spending a memorable evening around the Girls Club Christmas tree are Samba Gning, Remy Tshibangu and Pedro Harada and Kathy Kunkel and Cathy Jackson.

HOMECOMING

Fun, excitement, brilliant colors, and plenty of hard work go into the making of a Homecoming parade. There's nothing like a lively parade on a sparkling fall afternoon to put everyone in the proper spirit for the gridiron action. Parading *Wildcats* pranced to *swinging* music of the Stanley led band. Twenty-one floats were featured, making the parade one of the more successful ones of recent times.

The marching band, twirlers, and T-ettes in the marching section, and Orchesis and Girls' Club in the car section, and PX and Pep Club in the float section took first and second places.

Halftime ceremonies buoyed spirits to a fever pitch. Gaily clad purple and white T-ettes performed to "Parade Rock." Twirlers spun fire lit batons to the snappy tune of "Miss Frenchy Brown."

1 Exotic harem beauties Nancy Konack and Madeline Cole sit atop a first place winner in the homecoming parade.

2 Thornton's thespians: Bill Jay, Marie Carlton, Jill Adams, and Mickey Pee ride majestically on the magic beanstalk.

3 Pep Club's favorite witch, Claudia Fox, stirs up a secret brew.

4 Dancing to the "Parade Rock," Julie Payne demonstrates a few pony steps that captivate the audience.

HOMECOMING

"Once Upon a Tyme" there was a ball where all was beautiful and elegant. Sweet, soft music floated through the air as the couples glided across the floor as the Derrick Orchestra played on. Eight "little girls" called the Harvey Hoofers danced to "Good Ship Lollipop", entertaining all the guests. The Klefs, a group of girls who took us back to fairytale land, sang happily of the carefree tales we heard when we were young. Then a gong was heard and all were silent. The announcing of the King and Queen and their Prince and Princess was to be heard by all.

King Butler, Queen Franks, Prince Acquaviva, and Princess DiSanto were crowned and sighs of happiness progressed through the audience. The royal family consisted of Kathy Kunkel, Denise DiSanto, Bonnie Franks, Judy Roads, Yvonne Lapp, Nancy Hinrichs, Jean Holt, Sandra Williams, Peg Kipley, Jane Maffie, Mark Garry, Frank Acquaviva, Carl Butler, Dan Burns, Eric Fox, Robert Jackson, Archie Hyler, Tom Brim, Austin Jackson, and Jim Pala.

1 Leading the traditional Homecoming dance are Queen Franks and King Butler.

2 Kathy Zawada and Dan Dalle Molle smile romantically at each other on *Ye Old London Bridge*.

3 As the guests were seated at their tables, they were sung to by the talented and lovely Klefs.

DANCES

"A magical mist o'er the palace made, to complete my vision 'A Dream In Jade'." On May 18th, *A Dream in Jade* became a reality for both juniors and seniors. A dance long dreamed of by girls as well as boys drifted softly in as the night air. To prom-goers the night brought to life something that will be long remembered even after their high school years are over. Couples, who arrived in their modern-day rickshaws, were greeted by orange blossoms and oriental hostesses. Prom-goers danced the night away feeling the oriental atmosphere around them. Romance was evident everywhere as the couples danced to the music played by the Johnny Nowlan Orchestra, from eight to eleven. The prom is sponsored annually by the senior class president. General chairmen were: Nida Ackerman and Eric Fox. Honored guests were: Dr. and Mrs. O.W. Renfrow, Dr. Logsdon, and the Board of Education Members.

1 Enjoying the soft romantic music are Nancy Hinrichs and Ken Faber.

2 Smiling Rozlynn Burt and her date Dwight Humes take time out to share in chit-chat.

3 Taking advantage of the romantic air and music, Rita Banovich and Jeff Sachs engage in a little romantic dancing.

DANCES

So what's happening after the game? The PX, what else! That's a familiar answer here at Thornton. After all those exciting, action-packed games our students walk over to the fieldhouse to *swing* for an hour for only thirty-five cents. All the tensions from that monstrous week in school and thrilling game can be released and one can *let it all hang out* doing any of these popular dances: the **Horse, African Twist, Tighten-up,** and the **Four Corners.** Students can enjoy conversation and refreshments, along with the groovy beat. The Fugs, Temples, and Tropiks were a few of the bands that displayed their talents this year. Besides dancing and listening to some "soul", you also have that once in a lifetime chance to meet that special someone. Especially since he's bound to be there! Now that you're convinced that *this is where it's happening,* come relax and *hang loose* in the friendly atmosphere here at the Thornton Purple X.

1 Really sock'n it-to-em are Veronica Cash, Diane Sutsh and Ellen Maxwell.

2 John Ford, class of 1968 and his friend Nelles of Augustana College dropped in and found some familiar faces at one of our PX's.

DANCES

The only time of the year when a Thornton girl gets to ask a boy out, is for the annual Girl's Club Turnabout Dance. Held February 22 in the main gym, Thornton girls and their favorite beaus danced from 7:30 to 10:30 to the music of the Millikin University Jazz Lab Band. Entertaining the sweethearts were the dancing Hoofers from Harvey. Also, there was the senational trio, Brenda Jones, Bonnie Jones, and Gloria Manley, singing selections such as "The Afro-69", "Summertime", and "This Girl's in Love with You". Soloists, Ina Carlin and Dan Mead, sang more sweet nothings into our ears aiding the soft lights and heart-shaped petits fours to bring gaiety and splendor to the romantic evening. A winter wonderland came to life with the creative decorations by Francine Puglise and Barbara Haddon and all those favorite fellows were entertained to an evening of pleasure.

DINNERS AND RECEPTIONS

3

November 17th marked the eighth annual International Dinner, sponsored by KIP. The dinner, given to raise money to finance foreign exchange students wishing to attend Thornton, was open to the general public as well as faculty members from 1-4 PM. Decorations, costumes, and foreign food filled Thornton's cafeteria. The menu ranged from lasagne to picadillo to baked beans. Various Thornton clubs that participated in this event were such groups as: GAA, Girls Club, The Thorntonite, Purple X, and the Junior and Senior classes.

Thornton's PTA Dinner endeavored to bring good theater to the community. Sponsored by TTHS PTA, February 1st marked the second annual dinner. From 6:30-10:00 PM. the general public enjoyed a smorgasbord dinner and were entertained by the Suburban players. This program featured the three act play, "Come Blow Your Horn".

1 Barb and Mike, Greek citizens *pretend,* wore their fanciest togas to the International Dinner.
2 Besides good food to eat, it's a great chance to visit with your friend the PTA Dinner—Theatre Party.
3 A mighty smorgasbord and a delightful theatre experience brought the PTA Dinner to its finale.

DINNERS AND RECEPTIONS

Everybody likes a bright girl, especially the Girls Club, who semi-annually sponsors a scholarship breakfast to honor Thornton's academically talented girls. At the breakfast the girls were honored with scholarship pins, and those with five semesters of *A*'s were honored with Girls Club cups with their names engraved on the front. Held November 5th and February 20th at 7:30 A.M., the scholars and their parents met in the Theater lobby, to enjoy rolls, milk, and coffee. The guest speaker was Miss Adelaide Childs, the Dean of Women at Thornton Junior College.

Boys on the High Honor Roll with a semester of *A*'s were honored at the Boy's Club Scholarship Breakfast. The honored guests received certificates to symbolize merit. Under the direction of Willie Brown, the breakfast is held annually in the theatre lobby. The boys dined on rolls, milk, and coffee from 7:00 to 8:30 A.M.

1 Perhaps engaged in a high level discussion at the Girls Club Scholarship Breakfast are Lynn Karambelas, Kathy Jancaric, Marion Whitney, and Penny Ricchio.

2 Enjoying a breakfast of rolls and milk at the Boys Club Scholarship Breakfast are Steve Metz, Chris Cummins, Ed Bisset, Larry Hartenian, and Alan Conrath.

3 Before the speeches, the main attraction is the food line.

1968 COMMENCEMENT

In the Thornton gymnasium, the warm summer evening of June 6 hung thickly over the assemblage. The words of the Thornton *Alma Mater,* "We will always remember the purple and white . . ." permeated the 840 members of the capped and gowned class of 1968. Leading these graduates for the last time were their officers: President—Nida Ackerman, Vice-President —Pamela Black, Secretary—Nancy Bauman, and Treasurer—Kathleen Collins.

Dr. Omer W. Renfrow, principal of Thornton, had presented the class to Mr. Henry Vandenberg, President of the Board of Education, for the awarding of the diplomas. All had listened to valedictorian, Robert Romba, speak on "The Realistic Optimism of Today's Youth" and then switched their attention to our former superintendent, Dr. James D. Logsdon, as he addressed his speech, "To You". A proud feeling of self-accomplishment arose in the graduates' hearts as they recessed into the thick, dark night air to *Marche Militaire* played by the Thornton Township High School band under the direction of Mr. George Stanley.

1 A look of pleasant accomplishment was displayed by Pat Crain, one of 801 in the graduating class of 1968.

2 Phil Forgilli, Robert Rhomba, Dr. James Logsdon, and Mr. Henry Vandenberg addressed the convocation.

3 Tom Foushi, Tom Gore, and Robert Yurasovich exchanged congratulatory remarks before the seventy-second annual commencement exercises.

4 Jacqueline Alexander beamed with pride as Mr. and Mrs. Thurmon Davis expressed their delight.

ORGANIZATIONS

Student interests are catered to by extracurricular organizations. These organizations provide a new twist in education for interested students. In the juxtaposition of a relaxed atmosphere and intriguing educational pursuits, a unique process arises. Students proceed at their own speed, and often conduct the meetings themselves. Student organizations pursue academic goals, with clubs including Math Club, Service Club, and Social Studies Club. Social and cultural organizations such as Big Brothers, PX, and Girls Club Sub Clubs render invaluable service to the school. Student organizations are open to all students aspiring to improve themselves and their surroundings. The range of organizations assures a place for most interests and forms of expression. Organizations make school life interesting and colorful.

In June of 1968 at the annual Honors Day Assembly, several anxious students were escorted down the aisle to receive the distinctive pin, the eternal light of scholarship, citizenship, leadership, and service of the National Honor Society. Five percent of the junior class and ten percent of the senior class are chosen by the faculty yearly. The new members proved themselves worthy of their pins by maintaining excellent grades, participating in clubs, and giving service to the school. Officers were chosen in the fall, and they, together with the other club members, chose projects which might aid the school. Their projects included tutoring students of all levels who requested the help and organizing a newsletter, which contained information on students who attended Thornton in the past four years, and was then sent to all alumni. In November the N.H.S. members, under the sponsorship of Miss Elaine Gehring, sold 4,800 taffy apples which provided the club with funds to obtain membership pins and college information.

STUDENT COUNCIL

"Knowledge Is Power" is the theme of Thornton's Student Council which has functioned annually for twenty-five years. The main objective of the council is to represent the interests of the students of Thornton. Under the supervision of Mr. Milton Marley and the leadership of Mark Garry, the council led a very successful year. Two innovations added this year, were a suggestion box and a Book Dance. Other activities sponsored by KIP included gym jams, direction of the Homecoming Parade, the International Dinner, and several tag days. To encourage student participation in their school, KIP had several general meetings to which all students were invited to discuss current, controversial issues concerning school affairs. General meetings of this type were successful in clarifying such issues as the dress code.

INTERNATIONAL AND HUMAN RELATIONS CLUBS

Every fourth Tuesday of the month under the sponsorship of Mr. Jason Gansauer, the International Club held its meetings. Through studying customs and cuisines of fellow Americans the forty-five members reached a better understanding of the world. Attending the Tinley Park American Field Service retreat was the first event on their fun-packed calendar. Other club activities included an ice party, a bike hike to Wampum Lake, a Pancake Day held in the cafeteria from sunrise to dusk, The Dance of 1000 Lands, and lectures from various guest speakers. Outstanding club leadership awakened student interest making this a banner year for the International Club.

By upholding their purpose to overcome racial, social, and religious prejudices for the betterment of our school, the Human Relations Club established good rapport between students and the administration. Under the sponsorship of Mrs. Joan Greenwood and Miss Kathaleen Chergoski, the two hundred members integrated successfully and held dances throughout the year, took trips to Chicago, and visited other places of educational interest.

BOYS CLUB

To bring the young men of Thornton together for the benefit of our school and community is the aim of the Boys Club, the club with *class*.

Being a Boys Club member in the past has involved little more than carrying a membership card. This year, however, under the direction of Mr. Willie Brown, the officers were determined to make the club *your* club. With this idea in mind, the organization has evolved into an efficient and meaningful aggregation.

A sub club of the Boys Club, the Big Brothers program, oriented the freshman boys to life in the big school, and were available throughout the year to help the freshmen with any problems they might encounter.

The board and officers meet twice weekly during the year to plan their calendar of events. The calendar included assemblies, gym jams, a Mother-Father-Son banquet and a scholarship breakfast. By selling tickets to the Harlem Globetrotters exhibition game and by sponsoring a successful candy sale, the Boys Club raised funds used for scholarships and community welfare.

GIRLS CLUB

"Fun, friendships, and a club that suits the interest of any girl," is the objective of the Girls Club of Thornton Township High School. Over 1,000 members comprised this organization which is under the supervision of Mrs. Jean Simpson. By paying the yearly dues of fifty-cents, any girl may become a member and have fun while making friends. A wild (stuffed) animal sale, a daisy day, and several banquets were on the agenda this year. The highlight of the year was the Turnabout dance entitled "Snowflakes and Sweethearts" which was held in February. Sub-club coordinator, Lynn Karambelas, led the prosperous sub-clubs. Working in these organizations gives inactive members an opportunity to participate in a group which holds their particular interest. Girls may receive special honors such as Junior or Senior Service Awards by performing in an outstanding manner during the year.

PX, LIBERETS AND KEY CLUBS

Since 1937, Thornton's Purple X committee has been providing activities for students after home athletic games. Their dances and open houses have grown in popularity through the years. The money which the PX receives from open houses in excess of expenses is given to assembly programs, and to various school clubs.

The objectives of Thornton's Liberets is to make the library a focal point in the school, to serve the needs of the students and faculty, and to learn library techniques.

Building on initiative, leadership, dependability, cooperation and determination to serve the school in every way is the purpose of the youngest and most active servcie club, the Key Club. Sponsored jointly by the Riverdale-Dolton Kiwanis Club and TTHS it assists the area Kiwanis Club in raising funds and it supports and assists school organizations and activities.

HALLGUARD CAPTAINS AND THEATRE TECHNICIANS

A member of the hall guard organization pledges to perform his duties with honesty, dignity, and loyalty to the school. Under the supervision of Mr. Edward Bogoshian, some of their many duties included manning of their posts, prevention of loitering in the hall, checking students' passes, and delivering call slips. Officers are elected in May of the school year, so that they can be trained by the officers who are leaving their positions.

Sponsored by Mr. William Davis are Thornton's Theatre Technicians. This group, comprised of twenty members, handle all technical aspects of the theatre. Lighting and special effects were part of their job at plays, concerts, and assemblies. In addition to the superb direction of Mr. Davis, Thornton TT's have the splendid facilities of our theatre department. Thornton's theatre productions are enhanced by the work of this fine organization.

PROFILE MAGAZINE AND NEWS BUREAU

In the spring of 1967 *Profile* magazine, a literary work compiled by students of Thornton, was put to press. *Profile* magazine gives the student an opportunity to put into words his emotions. It also stimulates a desire for imagination through poems, short stories, and essays. Under the direction of Mrs. Orpha Welke, a creative writing class meets daily to publish the literary magazine which finally sells for a mere fifty cents.

To provide the surrounding communities with information concerning the creation and function of new school organizations, student scholastic achievements, administrative and faculty awards, improvements in educational facilities, feature stories on school personalities, and other current activities at Thornton are the purposes of Thornton's News Bureau. The News Bureau consists of Journalism I students who meet with their advisor, Mrs. Anna Quedens, to prepare news releases for all local papers.

NEWSPAPER

Piloted by the illustrious Edward D. Olson and manned by the benevolent crew, thirty-one strong, the *Thorntonite* newspaper sails into the homes of Thornton students every Wednesday. Scraping Thornton's hallowed halls for stories, and often contributing the very skin off their noses, the Journalism I and II students toil weekly to create this prominent publication. From out of the small, dingy, huddled over office, located on the first floor, a bevy of interesting and highly informative articles spew forth. These articles, the blood, sweat and tears of the newspaper staff, range diversely, from the coverage of athletics and social events, to comments on pertinent matters of current affairs. Within the pages of the *Thorntonite* is information appealing to the multi-faceted visage of the Thornton student.

PERIGON AND SCIENCE CLUBS

Have you ever wondered where to go to meet new and interesting friends and to extend your understanding of mathematics as well? Well, wonder no more for TTHS has an active club designed for math oriented students. The Perigon Club under the enthusiastic direction of Miss Elizabeth Brushfield, meets once a month on Wednesday evenings. Members are required to have a *C* average in math. The organization annually sponsors entries in the National Mathematics Contest.

"Morphogenesis of oral membranelles in the ciliate *Tetrahymena rostrata,*" was the subject of a recent meeting of the Science Club. A hunt for unusual fossils and Indian relics was the purpose of a field trip to the University of Illinois. If you are curious and want to know, the Science Club meetings are the place to go. Mr. Joseph James and Mr. Ken Nelson provide the inspiration for Thornton's budding scientists.

NATIONAL FORENSIC LEAGUE DEBATE AND INDIVIDUAL EVENTS

Led by Clifton Gerring, Everett Wallace, Jim Talaga, and Stan Urban, Thornton's varsity debate team took first place at the South Suburban League contest and Springfield Tournament, and second place at Eisenhower. Coached by Mr. Rush Curtioff, and assisted by Mr. Robert Karnes, the novice and varsity debate teams promote excellence in competitive debate.

Coached by Mr. Erick Gilbert, with the assistance of Miss Cheryl Stockton, Thornton's individual events team has captured first in original oration, radio speaking, original monologue, comedy, after dinner speaking, and oratorical declamation.

The National Forsenic League, an honorary speech fraternity, acknowledges accomplishments in competitive speaking. N.F.L. membership is granted according to a student's active participation in debate and individual events. Honorary standing is attained by continued excellence.

To close the year's fine representation in the creative arts, the speech and theatre department held the Speech Art Banquet to honor debaters, individual eventers, and drama participants.

CAMERA, CHESS AND RADIO CLUBS

Bright flashbulbs, clicking shutters, and steady hands distinguished the members of the Camera Club. Sponsored by Mr. John Sarantokos, Thornton's *shutterbugs* performed many valuable services for the school. Members photographed couples in full color at all the year's important dances and took pictures for Mrs. Anna Quedens and the News Bureau to send to all the local newspapers. But probably most important of all, club members have a good time while learning valuable techniques of photography.

Whether you're an expert or beginner, the Chess Club has something for you. Its members and their moderator, Mr. Arthur Rossetti seek to improve their own game and skill. Of course, if you've never played before, the Chess Club will introduce you to this game of concentration and strategy.

Do television tubes, knobs, transistors, bandspread, microphones, resistors, and printed circuits turn you on? Then you should have tuned into Mr. William Siville and the Radio Club.

GERMAN LATIN AND SOCIAL STUDIES CLUBS

The aroma of steaming hot dogs filled the air of the cafeteria during Thornton's German Club's Octoberfest, a highlight of this year's events. To create more opportunities for the student to get acquainted with the country, culture, and language of Germany is the purpose of the club.

Learning interesting facts about ancient Roman times and having fun while doing it are the objectives of the Latin Club. Participation of the club in the District Latin Contest sponsored by the Illinois Classical Conference is the outstanding event during the year. Last May a joint Latin Honor's Day program honoring all students who achieved academic excellence in Latin was held.

Programs, including speakers on political and social problems, travelers, and experts from the many varied fields of the social sciences, are held each month by Thornton's Social Studies Club. To coincide with the 1968 national election, a mock election was held. Included were a televised convention consisting of speakers for each of the four main political parties, free campaign literature, and ballots on which each student voted.

Working for an employer and also obtaining credit towards graduation is possible for members of the Distributive Education Club. This unique plan allows interested and responsible students the privilege of attending school and maintaining a full-time job. D.E. members, under the guiding hand of Joseph Belleson, visit major business concerns, such as the Chicago Board of Trade, the Federal Reserve Bank of Chicago, and Tribune Tower.

Diversified Occupations, supervised by Gerald Bendle, encourages a thorough knowledge of a trade in an industrial or business field. Aspiring to learn a trade while attending school, D.O. members meet every Friday. Supplementing the weekly meetings, field trips and VICA meetings allow students to view the competitive world around them.

Office Occupations is comprised of seniors wishing to gain valuable experience in business arts while in school and is supervised by Beverly Copp.

F.T.A., F.N.A. AND CASTILINAS

Apples for a teacher became reality when teachers received one during American Education Week from the Future Teachers of America. The purpose of this club is to explore the various fields of teaching and colleges which offer teacher training programs. Meeting with Miss Janet Chisholm on every second Tuesday of each month, FTA sold balloons at the homecoming game to raise funds for field trips.

Future Nurses of America under the sponsorship of Mrs. Marion Fox, visited hospitals and were given lectures by guest speakers. Two of their members were awarded scholarships to a nursing school. Field trips were taken to Cook Country Hospital and Great Lakes Naval Academy Hospital.

Any girl interested in swimming can become a member of Thornton's school of fish, Castilinas. The purpose of the club is to give a girl an opportunity for creative swimming, competition, and public performances. Castilinas sponsored a candy sale to finance their annual swim show.

T-ETTES

Dancing their way through four football and several basketball games are our graceful, lively, and highstepping T-ettes. Putting their best foot forward and upward, the T-ettes awed everyone with their up-to-date dance versions. Dancing to such tunes as, "Going Out of My Head," and "Me and My Shadow," the T-ettes incorporated popular dances into them such as the *monkey, pony,* and *hitch-hike*.

During Homecoming, the T-ettes danced to "Parade Rock." Entertaining during half-time festivities and at the parade, the T-ettes received a standing ovation from the spectators. Also performing with our T-ettes that particular night were former T-ettes from five years ago.

Practice makes perfect with rehearsal on three nights before each scheduled performance. Young and old alike enjoy the thirty-one high-kicking and gayly attired T-ettes.

T-ETTES: 1 Nancy Onak, 2 Linda McAley, 3 Corrine McBain, 4 Kathy Gruszczyk, 5 Sue Kruse, 6 Debbie Hardlannert, 7 Bonnie Walles, 8 Nancy Hinrichs (Captain), 9 Dawn Abels (Captain), 10 Fran Smith, 11 Sandy Bruckner, 12 Peggy Weddington, 13 Jan Lapp, 14 Sandy Verrilli, 15 Marilyn Stolarz, 16 Nancy Lau, 17 Vikki Vollmar, 18 Julie Payne, 19 Kathy Tegels, 20 Alice Grysb, 21 Debbie Ducett, 22 Diana Morris, 23 Nancy House, 24 Chris Lenart, 25 Kathy Koneck, 26 Debbie Spindler, 27 Paula Olen, 28 Denise Hogan, 29 Terry Gifford, 30 Paula Garry, and 31 Janet Otsuka.

1 Demonstrating the vivacity typical of T-ettes is Jan Lapp.

2 Impeccability in style and form for Paula Garry came only after long hours of practice.

THESPIANS AND ORCHESIS

Thornton's very own theatre guild, the Thespians, produced and directed many plays throughout the school year. Miss Margaret Strucel and Mr. Russel Hunt provided the faculty supervision. Thespians also built scenery for plays, made costumes, and applied make-up. To become a member of the Thespians group, one must have tried out for a play or have worked on the stage crew.

Twenty-six members comprised Thornton's modern dance group, Orchesis. Organized to further skill and interest in modern dancing, the girls are coached by Mrs. Shirley Beales. A dance show entitled *Yesterday, Today, and Tomorrow* was presented in February by dance classes and orchesis members, to raise funds for dance equipment, props, and music.

G.A.A. AND GYMNASTICS CLUB

Any girl of Thornton High School may become a member of the Girls Athletic Association. After a long day of hard work a girl could let off steam at various activities which were held three nights a week. One could participate in such activities as swimming, volleyball, and softball during eighth and ninth periods. A new addition to G.A.A. was a program established to get girls trained to be referees at G.A.A. activities. This year the club was supervised by Elaine Routh and Kay Scheneegas.

With a membership of twenty-four flexible and energetic girls, our Gymnastics Club is organized to stimulate interest in gymnastics, to promote good sportsmanship and cooperation with others, and to maintain physical fitness through gymnastics. Funds were raised by providing refreshments at the boys' gymnastics meets. On Tuesdays and Thursdays of each week, the girls met with their supervisor, Delores Mann.

PEP CLUB AND T-PEPPERS

Banners proclaiming Wildcats! ... Wildcats! ... Wildcats! ... screaming from the walls in the halls, are put up by one of Thornton's liveliest clubs, the Pep Club. Promoting school spirit and unity in the students was the objective of the club and they were spurred on by their perky sponsor, Miss Lorna Propes. The peppers provided refreshments at the home football games, were in charge of the coatroom at basketball games, and were responsible for pep assembly planning. Other activities were the selling of booster ribbons and buttons, athletic recognition, and arrangements for away games bussing. One of the club's highlights during the year was a School Spirit Week and a Carnival. A banquet was also held at the end of the year to usher out old officers and board members and welcome the new.

Consisting of freshmen girls, the T-Peppers are newly formed this year. Their goal is to aid the girls in learning and perfecting skills needed in for gaining membership in the skill and precision groups at TTHS. Seated behind the team at home games, the T-peppers, in their purple and white sweaters and purple skirts form an inspiring cheering section.

CHEERLEADERS

Symbols of the pep and enthusiasm, and the pride that all Thornton students have in their teams, coaches, and school are the twelve cheerleaders. They are composed of junior and senior girls who jump, scream, inspire, stomp, laugh, and cry. They are the beginning of *Wildcat* Spirit and the end result of many long hours of practicing and perfecting. They act as ambassadors for the school, for they travel to all away games and come in contact with many people. They motivate Thornton's *purple power* student body to remain *number 1.* Under the supervision of Miss Lorna Propes, both the junior varsity and varsity squads are to be credited for much of Thornton's good sportsmanship at athletic events. Candidates, from the sophomore class, tryout in the spring of each year. The necessary qualifications are coordination, character, citizenship, sincerity, ability, and scholastic achievement.

1 Radiating enthusiasm, Yvonne Lapp leads a "Mighty, mighty *Wildcat*" cheer.
2 Willie the Wildcat, Charles Washington, waves the team on.
3 Denise DiSanto awaits the *team,* knowing they're down in the locker room picking up steam.
4 Jan Reali convinces all that our team *is* dynamite.
5 JV CHEERLEADERS: Ardella Todd, Sue Stojak, Cathy Mech, Lizanne Kane, Candy Langhoff, Theresa Pentek.
6 Socking a little purple power to 'em is Judy Roads, co-captain.
7 Anticipating the next basket, Betti Jo Wooten stares pensively.
8 Perky Peggy Kipley, captain, persuades all she's from Thornton and *couldn't be prouder.*

MARCHING BAND

Thornton's mighty *Wildcat* marching band which is comprised of 100 members used its fine musical ability to arouse enthusiasm in all fans. Performing pattern drills to such popular favorites as "Georgy Girl" and "Goody Goody," the marching band gave the fans a nice musical beat during half-time of all football games. At the start of each game, the band played the national anthem also along with some of the cheers. Thornton's marching band along with the T-Ettes and Twirlers took a first place in the Homecoming Parade. The band participated at an Illinois State Band Day at Northwestern University in Evanston. All work and long rehearsals on Thursday evenings, goes with the success of our wonderful marching aggregation. When the weather permitted, one could see the band practicing third period. Under the supervision of George Stanley and Daniel Mensing, the Thornton Township High marching band personifies school spirit in the minds of all members of the school and community.

HOOFERS AND TWIRLERS

Hopping and swinging, the Harvey Hoofers provided entertainment at various school functions and for a number of outside organizations. Performing at such events as the Key Club Banquet, Kiwanis Club Banquet, Homecoming Dance, Dad-Daughter Banquet, and during halftime at several basketball games, the Hoofers provided unusual and exciting dance selections. The Hoofers sponsored two projects, an Annual Fall Dance and a candy sale which were held in September. These eight talented girls were supervised by Miss JoAnn Bargiel.

Another group of eight lovely girls is Thornton's twirlers who are under the supervision of Peggy Pence. Marching in the Homecoming parade and performing with the *Wildcat* band wherever it appeared, the twirlers did their best to add color to each performance. At the halftime of the Homecoming parade, one saw the twirlers dancing with fiery batons to the tune of "Miss Frenchy Brown".

ORCHESTRA AND CADET BAND

Under the direction of Mr. Lyle A. Hopkins, the string orchestra meets daily, while the full orchestra meets two days per week. Each class period consists of training in sight reading and concert and orchestral literature.

During the school year, the orchestra performed for the District 1 (South Music Festival), the Annual Roast Beef Dinner sponsored by the Band and Orchestra Parents Association, the annual PTA Scholarship Christmas Program, and the Thornton Township Public School Association Choral-String Festival. They also played for the school musical, "Music Man."

The Cadet Band, playing an important part in preparing young musicians for Concert or Junior Varsity Band participation, admits members by audition. The Cadet Band requires a basic knowledge of high school level music and virtuosity on an instrument.

JUNIOR VARSITY BANDS AND JAZZ LAB

Making its debut at the Thornton Band Parents annual roast beef dinner, Thornton's Jazz Lab performed in public for the first time. Rehearsing every Tuesday night under the direction of Mr. George Stanley, the *Jazzmen* learned professional skills of musical interest.

Home Basketball games and a spring concert provided much variety on the JVA Band's busy schedule. Directed by Mr. Dan Mensing, Thornton's JVA Band learned rehearsal techniques and musical skills which will be used in order to advance to the concert band.

Learning rehearsal techniques and musical scales used to advance to one of Thornton's fine bands, Thornton's JVB Band worked hard to master these valuable skills. Directed by Mr. George Stanley, Thornton's JVB Band performed in a wide variety of performances such as the annual spring concert.

CONCERT BAND AND FRESHMAN MIXED CHOIR

Under the masterful baton of Mr. George Stanley, Thornton's 87-piece Concert Band appeared in a wide variety of performances this year. The syncopated rhythms of the band livened up home basketball games. The Illinois State Band Contest, a spring concert, the biannual band trip, and the Illinois State Band Solo and Ensemble Contest, held in New Lenox, were just a few of the events on the band's busy schedule. The bandsmen spent every school day working on musical numbers to perform at these events, mastering such works of art as *Victory At Sea,* and the *Unfinished Symphony*. The band also learned many musical skills such as sight reading, and rehearsal techniques.

Harmonizing under the direction of Mrs. Phyllis Scott and Mr. Richard Campbell, Thornton's Freshman Mixed Choirs sang their way up the musical scale of perfection, singing in a variety of choral concerts, such as the annual Spring Choral Concert.

FRESHMAN GIRLS CHOIR AND BOYS GLEE CLUB

Any freshman who wanted to express himself in a challenging yet enjoyable way was involved with either the Boys' Glee Club or Freshmen Girls' Choir, both under the enthusiastic direction of Mrs. Karen French. The purpose of the freshmen choral groups is to train its members for more advanced individual and choral singing. After a year of mastering the skills of tone quality and reading ability, these members are qualified to enter one of Thornton's other choirs.

A concert of the Freshmen Glee Clubs took place late in the year as well as a musical exchange with the freshmen choral groups at Thornridge. Freshmen Choir members were active participants in the music department's two week candy sale. Money earned from the sale was credited to the seller and to be used for future field trips. Among its goals, the freshmen choir strives to further the opportunities and desires of all talented persons in the field of music and to bring out a high appreciation of music in the choir members.

INTERMEDIATE CHOIR AND GIRLS CHOIR

1

For the young, ambitious Thorntonite who has an eye for the finer things in life, the Intermediate Choir is the *thing*. With a wide array of upcoming talent, they play a dynamic part in Thornton's Music Department. Mr. Campbell works to prepare these optimistic youths for the Concert Choir or just a better understanding and appreciation of good music.

Making many and varied local appearances, the Girls Choir is among the very active choral groups. They have sung for Daniel's Chapel in Phoenix, Illinois and for a special Pops Concert. They also did a special performance for the Trinity Baptist Church in Harvey. The Girls' Choir, led by Mrs. Phyllis Scott, aids these girls in achieving greater musical skills and makes them eligible for the more exclusive musical groups of Thornton.

CONCERT CHOIR

Resting on the citadel of musical expression at Thornton, our Concert Choir works hard to maintain a high degree of quality in music in a professional sense. Illustrative of their success with their endeavors is the live television show from Orchestra Hall which the Concert Choir was asked to perform, and their "Christmas Is" concert. Maestro Campbell, director of the Concert Choir, leads the choir every morning to Room 109, promptly locks the heavy wooden doors, and sets about to transform the young voices into a symphony of angelic harmony.

Entrance into this exclusive group, whose trademarks are dedication and hard work, is by auditioning. Judging is on the basis of ability to sing well and a thorough knowledge of music.

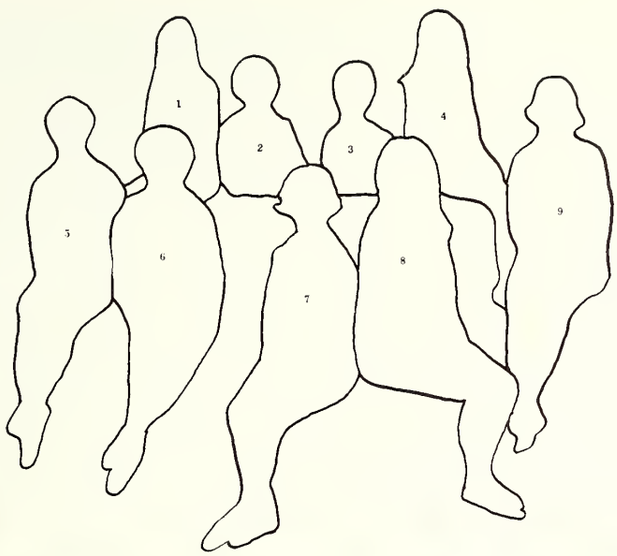
MADRIGALS AND KLEFS

Members of Thornton's choral groups, Madrigals and Klefs, find it exceedingly difficult to keep their mouths closed. Students at Thornton are certainly happy about that.

Mr. Richard Campbell has directed the Madrigals to fame for three years. They have developed a reputation for Christian music and familiar Christmas carols. The pre-Christmas days were brightened by their performances for clubs, churches, schools and anyone who would stop and listen to them. Besides singing sacred music they perform "after dinner songs of Old England".

Any member of the Klefs can tell you, "She enjoys being a girl." Under the direction of Mrs. Phyllis Scott, the Klefs add a feminine touch to Thornton's music department. The music they perform varies from classical music to popular show tunes.



ATHLETICS

Fulfilling the promise of a rounded school life, athletics hosts the competitive aspirations of the student. A wide variety of sports events are open to academically eligible students. These events range from the individual event, requiring stamina; to the team events, demanding unified achievement and synchronized actions. Some sports highlight brute force, others focus on dexterity and precision; nevertheless, all athletics demand proficiency and a thorough knowledge of the event. Athletics prove most beneficial and essential as a part of school life because they prompt the individual to excel, mature, and compromise in the face of rigorous stress. Thornton athletes learn the value of responsibility to self, team and school.

FOOTBALL

From the start of the season, Thornton's football team was frequently compared to the Wildcats' 1965 delegation that went unbeaten in nine games. The '65 unit, sparked by LaMarr Thomas, now at Michigan State, and Bruce Derr, now at Oklahoma, seemed to be the better one because it hadn't lost. But Coach Bauman wasn't so sure. "Look at the statistics," he said. "The '65 team scored 386 points in nine games for a 42.9 per game average while this year's group had 246 in eight games for a 30.8 average. On defense, though, the '65 team gave up 66 points for a 7.3 per game and this team gave up 21 or 2.6 per game. This was by far the toughest unit I've ever coached." After the first game of the season, a 14-7 loss to Thornridge, Thornton held six of seven opponents scoreless. One thing Bauman is sure of is that the South Suburban League itself was stronger this year than it was in '65. The '68 squad produced fine and talented juniors like Fred Cooper, George Becker, and Stan Jackson.

2 End Jim Pala faked his opponent and caught this touchdown pass thrown just over his outstretched opponent's arms.

FOOTBALL

Thornton's *Wildcats* had a terrific year capturing their fourth football crown in five years. The *Cats* posted a six and one record, losing only to their arch-rival Thornridge. Their season went something like this: *First game,* Thornton vs. Thornridge, behind the fine leadership of Thornridge quarterback Bob Roemer the *Cats* were stunned by a 14 to 7 loss. The second game, Thornton vs. Eisenhower, the *Cats* displayed their power with Carl Butler and Jim Snoddy running wild. The final score was Thornton 32, Eisenhower 0. The third game was no different than the second with Thornton topping Richards 13 to 0. The fourth game seemed like kitten's play as Thornton humiliated Bloom 41 to 7 with Carl Butler and Mike Walker leading the way. The fifth game was a rematch against Thornridge that Thornton had to win, if the league title was to be Thornton's once more. The *Cats* did it! They were victorious 14 to 0. The homecoming game had the bleachers rocking as Thornton gave their fans a 40 to 0 victory over the Cardinals. Ending the season on a powerful note the hardnosed *Cats* tarnished the armour of the visiting knights from Marion High School (Indiana) 53 to 0.

1 One reason that the Thornton Wildcats were number one was because of the fine leadership of senior quarterback John Noah.

2 Overpowering his opponents with the help of several teammates, Stan Jackson steams his way toward a Wildcat touchdown.

3 With open running room, All-Conference fullback Mike Walker drives for an important touchdown.

4 Talking to his number one quarterback Dan Burns, Coach Frank Bauman gives a little advice on how to avoid the opposing team's clutches.

FOOTBALL

Our sophomore football squad had a mediocre season, winning 3 and losing 4. The *Wildkits* showed they had the will to win by coming back after an opening 29-0 loss by winning over the punchless *Cardinals* of Eisenhower. The *Kits* stepped on Richards 38-13 and things were looking great until they traveled to Chicago Heights where they suffered their second loss of the season at the hands of the Trojans. The *Kits* suffered more pain when they lost 20-6 to rival Thornridge. Coach Bruno's men again took revenge on the hopeless Cardinals. At the end of Homecoming night the *Wildkits* had obliterated the *Redbirds* 34-6. The sophomore stars traveled to Oak Lawn only to be dumped again. Although the *Wildkits* had less than a .500 season, our second year men showed fine talent and potential in their backfield with Terry Jones and Dave Waligora turning in good performances. Arpelio Sartori and Dennis Moore called the signals.

BASKETBALL

Before entering District action Coach Bob Anderson's *Wildcats* sported a 20-3 season record. The *Cats* took the South Suburban League Crown managing a 8-0 league record, which included two impressive wins over a strong Bloom of Chicago Heights. The Centralia Holiday Crown also went to the Anderson coached team as they breezed by Salem, Champaign Central, and Centralia.

Thornton's schedule was tough all the way, playing state ranked teams such as Proviso East and Waukegan.

Much of the *Cat's* success can be credited to their fast moving "strong side-weak side" offense. While the team was generally small their defensive action and shooting accuracy compensated for the lack of height.

Leading the boys from Harvey were senior guards, Mel Halbert (co-captain), Butch Robinson, and Carl Forbes. Forwards Nate Southhall (co-captain), Eric Fox, and Dan Zaller rounded out the seniors in the lineup. Holding the center position was junior Lloyd Batts.

CROSS COUNTRY

This year's varsity cross country squad, coached by Dick Foerch, stumbled to an overall 0-7 record. Thornton has never fielded strong aggregations, and this year was no exception. The team, led by junior captain Carroll Young, came closest to victory against the *Cardinals* of Eisenhower, losing only 30-26. In tournament play, the best the runners from Thornton could manage was a fourth place finish in the league meet in which five teams competed. One could describe the season as disastrous. One good thing that we can say about this year's team is that they gave good experience to our young sprinters. James LoCicero, a sophomore, should prove to be a consistent first, second, or third place finisher for Thornton. Returning lettermen for next year's squad will be Carroll Young, Roger Cotton, and James LoCicero.

WRESTLING

Thornton had one of its most powerful wrestling teams in the school's history. Holding a season record of 15-0-1 the mighty *Matcats* stunned their opponents with brilliant wrestling showmanship. Under the fine coaching of Mr. Dick Bruno, and Mr. Richard Tesar, the *Matcats* showed potential from the start of the season. Tying, in their first encounter, Rich East, the *Matcats* weren't discouraged as they went on to win fifteen straight meets, all by considerable margins. Leading the way for the *Matcats* were such outstanding seniors as: Al Tavitas, Maurice Stegall, co-captain; Ted Akins, and captain Alonzo Washington. Even though these powers will not be with us next year Thornton should still dominate area mats with the return of such strong juniors as Jim Snoddy, Michael Myers, Eric Reed, Eric Dawkins, Cliff Howard, David Young, and Sid Roberts.

GYMNASTICS

Thornton's high flying *Gymcats,* disciplining their every muscle to the *n*th degree soared to a seventh place rating in the state. Our best team score was a massive 116.55. In gymnastics, three men compete in each event and each man can receive a possible 10 points. Our best event score was a very impressive 22.95. Thornton's stars are George Moore, trampoline; Frank Acquiviva, high bar; Ken Kauffman and Dennis Luehrs, free exercise; Alan Pizzato, side horse; Bill Jay, rings; and Dave Huson, parallel bars. Over the entire season Curt Powley compiled the most individual points with a total of 259.40. Next was Dave Huson with 181.18, Alan Pizzato with 87.80, and Simon Beemsterboer with 76.90. The best score for an individual in a single event belonged to George Moore.

SWIMMING

Special Splash! A seven-three record was obtained by this year's Thornton varsity swim team. The tankmen, led by freestyler Sam Graff and captains Gary Kosek and Steve Wilde, knifed their way to seven new school records; six of which are credited to senior Sam Graff. A few of Sam's record-breakers include the 50 yard, 100 yard, and 400 yard freestyle events. Sam was also a part of the team that broke the 200 yard medley relay record. Outstanding in the breast stroke was Steve Wilde who also helped break the 200 yard medley relay along with Tim Murphy and Jim Sartori. The tankmen have some fine talent in the lower ranks with freshmen freestyler John Ehlers who set two new freshmen records and Brian Thornton who set a new backstroke record.

SPRING TRACK

1968 was a very good year for Thornton's *Trackcats!* Bloom's powerful *Trojans* were the only team to handle the cindermen from T.T.H.S. and were responsible for the two losses that marred the purple dual meet record. The *Cats* breezed to a first place in the Proviso West Relay and a second (behind Bloom) in the District, and a second (behind Bloom) in the South Suburban League. The mighty men from Harvey set hurdle relay records at Proviso East and Waukegan too. Springing 6 feet 3 inches Reginald Torian set a new school record for the high jump. Larry Warren pushed the school half-mile record to a 1:57.4. Pole vaulter Ralph Williams turned in a season of outstanding performances. Twelve *Trackcats* went downstate, but only two placed. Ralph Williams took a fourth in the pole vault and Setoria Davis took a sixth in the high hurdles. Names like Davis, Thomas, Jones, and Smith will be missed but coaches Hayse and Fredette have such fine up and comers as James Campbell, Frank McGowan, Junior King, and Mike Johnson to warm the hearts of Thornton's fans.

1 Freshman standout Steve Ford flung the discus a mighty fling and should be a favorite of *Wildcat* track fans in seasons to come.
2 Clearing the bar at 4′9″ is Michael Rucker.
3 George LaGrone displayed excellent form all season.
4 Determination paid off for Henry Gamble as he showed considerable improvement all season.

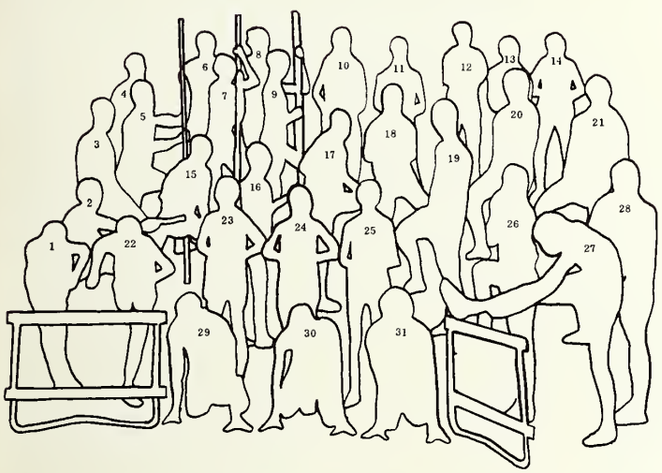
WINTER TRACK

Off and running from the start, the *Trackcats* garnered a second place in a triangular at Morton West and took a third at the Morton East relays. Outstanding performers were Ralph Williams and Paul Towns. Ralph collected four firsts, in the pole vault, high and low hurdles, and long jump during the Morton West event. He vaulted 14 feet even to set a new fieldhouse and state record. Senior Paul Towns also set a new Thornton indoor record by firing the shotput 53 feet to easily cop a first in that event. The other Thornton first came when Jim Carter won the 440-yard dash with an excellent time of 52.5. At the Morton East relays, Paul Towns, Isaac Johnson, William Wright, and Steve Ford won the shotput with an aggregate throw of 192 feet 10½ inches. Highly respected pole vaulter, Ralph Williams may give the *Cats* a first place in that event during the state meet. Last year as a junior, he placed fourth in the state with a vault of 13 feet 10 inches.



3 Ralph Williams, Thornton's outstanding pole vaulter, set a state record by clearing 14 feet. Ralph took fourth in the state last year as a junior with a vault of 13 feet 10 inches.

BASEBALL

Inexperience led to a rather disappointing season for the '67-'68 *Batcats*. Coach Bob Blaha's diamond squad had only four returning seniors. Nine juniors and four sophomores comprised the rest of the team. In spite of their lack of depth the boys managed a third place finish in the usually tough South Surburban League. Four wins against as many losses was the league record, while the slate for the season, league wins included, was four and ten. There were some bright spots that shone through the record. The Thornton sluggers rocked district winners twice, while picking off archrivals, Thornridge and Eisenhower, each once. These four victories accounted for the season's total wins. The *Batcats* gave South Surburban League champion, Bloom, a good scare, losing by a mere 2-1 count. Area scouts peg the 1969 *Cats* as definite contenders for the South Surburban League crown and some have even ventured to mention them as definite contenders for the state crown. The new edition of the diamond squad should be strong in the hitting department with such returning lettermen as Bob and Stan Jackson, and Greg Mathey.

1 "Watch Duschean's change-up!" said coach Bob Blaha before the tournament game against Bremen.

2 Opposing pitchers faced these tough *Batcats:* Larry Powell, Mike Talaga, Bob Jackson, Keith Harris, and Greg Mathey.

3 Stan Jackson awaited the pitch as he went through batting practice.

BASEBALL

In the opening game against Rich Central, the sluggers from Thornton were the victims of the year's first no-hitter in the season's high school competition. Thornton's next foe, Eisenhower, was held hitless for six and one-third innings before managing a hit off of star sophomore, Greg Mathey. Greg retired the next two batters and Thornton won their first game 2-0. Against Richards, the explosive Thornton bats came alive and ripped Richards' pitchers for a 12-5 triumph. Thornton extended their winning streak to two with a win over rival Thornridge 5-2 behind pitcher Greg Mathey. Providence topped the diamond squad twice with the scores of 6-2 and 3-2. Bloom, the South Surburban League Champions, beat the *Batcats* twice, 9-2 and then in a much tougher game 2-1. The Batcats won their last game against Richards behind another sophomore pitcher, Wayne Michor, by the score of 5-1. It was the second time the Thornton squad whipped Richards. In the first game of the state tournament, Bremen tripped Thornton at the Richards' field 2-1 behind their ace hurler Dave Dushean. Looking into the coming season: Beware of the mighty *Batcats*.

1 Pitchers were young and inexperienced last year but should improve this year. *Cat* Pitchers were Mike Talaga, Greg Mathey, Dave Johnson, and Wayne Michor.

2 Sophomore Wayne Michor looked for the sign from his catcher.

3 Senior Mike Talaga brought the ball over his head ready to pitch.

4 Sophomore Greg Mathey followed through after delivering a blazing fast ball.

GOLF

Thornton's golfers had a successful season last year with a winning record of 7-4. Their league record was superb with a 6-2 effort. A highlight of the season was when captain Dan Ustian won the medalist award scoring a 76 in the league meet with Bloom. Our boys trampled Richards and archrival Thornridge twice each and also knocked off Bloom, Eisenhower, and Rich Central, where the match was won on a playoff hole. Bloom, Eisenhower, Crete-Monee, and Homewood-Flossmoor all nailed the *Cats*. In the league meet, Bloom tied Thornton at 330. However, Bloom was declared the winner because their fifth man's score was lower than Thornton's. Coach Cliff Smith's team should be tough this year with returning golfers Mike Jankowski and John Gorski teeing off on the home course, Calument Country Club. This year's schedule will be a tough one for the Thornton golf team, but you can bet the boys will be out to clinch the '69 league crown this spring after so narrowly missing it last season.

TENNIS

After starting on the wrong foot by losing a four to one decision to Carl Sandburg, this year's varsity tennis squad came back to whitewash their next four opponents before losing a tight one, three to two, at the hands of Oak Lawn. The *Wildcats* threatened to make a comeback by whipping Eisenhower and Rich Central but were stopped by league rival Thornridge, and Homewood Flossmoor. But the *Wildcats* again took a step towards paydirt by taking five straight decisions. Our *Wildcats* finished the season in agony by losing to Thornridge for the second straight time by a mere three to two count. It was a fine year for our *Wildcats,* who collected a 10-5 record overall. The *Cats* managed to take double victories over league rivals Bloom and Eisenhower and blanked Richards twice by the score of 5-0. This season's finish can be attributed to the hard practice and fine teamwork of our *Wildcat* tennis squad. The team has some extraordinary talent coming back and are looking forward to a bright season come spring 1969.

LETTERMENS CLUB

A real *man's* club, the Letterman's Club was organized in 1935. For the past two years the group has prospered under the guidance of Mr. Huddlestun. In encouraging more extensive participation in our athletic program and in encouraging high standards of sportsmanship among both our athletes and our fans, the lettermen have been notably outstanding. These young Thornton men have turned their energies to the improvement of the visual aids equipment used by the athletic department. Lettermen are always ready to be of assistance to the coaching staff. Selling refreshments at all home basketball games raises funds for the Letterman's banquet held each year to honor new letter winners. With so many young men participating in athletics the clubs membership is over 100 strong.

1 Making a big sale for the Letterman's club is Letterman George Becker, Jr.

2 LETTERMEN'S CLUB OFFICERS: Dan Burns, president; Mel Halbert, second vice-president; Mike Sopko, sergeant at arms; Eric Fox, secretary; Mike Walker, first vice-president; Tom Burns, treasurer.

*

In an attempt to foster a spirit of intellectualism and scholarship among all Thornton students, the 1969 *Thorntonite* presents for the first time an *Honors and Awards* section. We take pleasure in introducing to you a sampling of students from the freshman, sophomore, junior, and senior classes who have displayed a high degree of academic talent. Upperclassmen were chosen on the basis of their class rank. In the case of ties, impartial selection was used to determine who would be represented. Freshmen were chosen from the first quarter High Honor Roll. Since there were more in this group than could be pictured, again an impartial selection was made to represent the class.

ALBUM

*

Pictorially representing Thornton's multitude of students, the album clearly defines the existence of a varied and complex school life. Thornton's 4,067 students peer out from the following pages, representing a myriad of customs and philosophies, backgrounds and cultures. And all are encompassed within the widening circumference of education offered at our high school. Thorntonites all become one, sharing profound experiences in growing up in a kaleidoscopic world. Deriving fulfillment from a comprising source, these young people will be tomorrow's leaders. Note the bright, apprehensive faces of these young people and see the future unfold.

Carefully directing the progress of these students is the faculty and administration.

ADMINISTRATION

Mr. William E. Augustus, our delightful and pleasant superintendent, plans "to try to not only continue but to improve our student-student and student-faculty relations. We have an outstanding school district and I will do everything in my power to keep it that way."

His educational background is varied and interesting. Having obtained his Bachelor of Science degree from Illinois State University, he then obtained a Master of Education degree at the University of Colorado. Mr. Augustus was awarded his Advanced Certificate of Administration from the University of Illinois.

Camping and playing bridge are his hobbies, but he modestly admits that he isn't very good at either one. His main interests lie in administrating District 205 with additional interests in the YMCA and other community activities.

Happily married for 12 years, Mr. Augustus has in that time successfully brought up two children.

1 BOARD OF EDUCATION SCHOOL DISTRICT 205: Robert H. Reese; James Ozment; Henry Vanderberg, president; George Webb; Dr. W. Maurice Winston; Edward F. Moravek. (Not present: Mr. Willis S. Gouwens)

2 William E. Augustus, superintendent.

Sincere and dedicated, Dr. Omer W. Renfrow has served Thornton Township High School for the past nine years. Before coming to T.T.H.S., he was principal at Miskayuna High School in Schenectady, New York. Dr. Renfrow tries to please all, which is a difficult task in a school as large as this.

After a hard day's work, Dr. Renfrow goes home to his four daughters: Margie, Laurie, Nancy and Janet, and his sole son, Omer Jr. Margie attends the University of Kansas. Laurie, Nancy and Janet are students at Thornridge High School. Omer, the youngest member of the family, is in the fifth grade at Eisenhower Elementary School.

After his busy day at work, he likes to take a nap. In his leisure time, which he seldom has, he likes to bowl, to read, to watch television and to see his friends. Most of all, he likes to participate in family discussions and to talk about the happenings of today.

FACULTY ASSOCIATION

School District 205's Faculty Association functions to promote the highest standard of professional teaching. Teacher welfare, professional rights and responsibilities, public relations, civic responsibility, and state and federal legislation are all among the interest of the Faculty Association. In order to serve the needs of all faculty members, the association encourages teachers to become active participants in the solution of school problems. It is this progressive organization which fostered the Future Teachers of America (FTA) and is responsible for the newsletter, T 'n' T, which is distributed to all staff members. Each spring, the association offers a four year scholarship to a district student. Active membership in the organization is open to all professional members of the faculty.

FACULTY PICNIC

South Holland Community Park was, once again, the scene of the annual District 205 Faculty Association Picnic. Meeting after a busy day of classes on a splendid September evening teachers old and new, administrators and school board members, gathered for a delicious picnic supper. There was pleasant conversation to go along with the excellent food as teachers renewed old friendships and made new ones. This was the time to introduce your spouse and children to your classroom neighbors. Later there were games for the teachers and for their families. There were egg tosses for the new teachers and three-legged races for the children, but the main event was the teacher tug-o-war. As it has been for years, it was once more, the district veterans nearly dragged (except for a tree) the new teachers into the Calumet River. The children went off to make their own fun on the playground equipment, there was more conversation, the caterers picked up their pots, pans, and trays, darkness settled softly on the cool evening air as the teachers quietly left.

1 These young people weren't about to be separated from their parents, Mr. and Mrs. Donald McGee, so close to supper time.

2 Could Mr. Carl Beier be starting his recruiting procedures a bit too early?

3 This lad is typical of the younger set who provided their own entertainment.

4 A delicious picnic lunch was served—right Mr. Hopkins?

5 *Swinging* Mr. Gordon Pierce and his family.

* 6 Mr. Martin took time out to survey kiddyland.

NOW WE ARE THREE

Appearing in February, 1969, as barely more than a disruption in the configuration of the surrounding farmscape, *The Thorntonite* staff, and, indeed, all Thorntonites, wish to acknowledge the imminent arrival of a second sister, Thornwood High School in South Holland.

May she be successful in her attempts to widen the definition of "a quality education for everyone." May she be looked upon by her students and the people of District 205 as a *great* high school in a *great* America.

COLOPHON

Thirty-three students from all four grade levels comprised the staff of the 1969 *Thorntonite* yearbook.

Photographs taken by members of the staff are coded to indicate the student photographer: Bob Baikauskas (◆), Jesse Barreda (●), Dennis Dreesen (■), Jim Murray (□), and Jim Scheffke (*). Cameras used for the pictures taken by the staff were a Yashika MAT 124 and a Yashika EM. All other uncoded photographs are the work of Root Photographers, Inc. of Chicago.

Printed in a limited edition of 3,000 the first 1500 books were sold for $5.00 a copy while the second 1500 were sold for $6.00 a copy. The text paper is 80# Anniversary. Gravure brown ink was used throughout the book with PMS 165 used for the heads on pages 1 through 32. Baskerville is the typeface used. The endsheets are Seville Orange Grandee stock. Wm. J. Keller Inc., of Buffalo, New York, is the printer.

The cover design is a staff original. The cover base material is brown Roxite book cloth. S. K. Smith Company of Chicago is the cover manufacturer.

At the time of this writing an additional press run on the first 32 pages is being contemplated for use as a public relations brochure.

The staff is most grateful for the help, encouragement, and cooperation of the craftsman of Root Photographers Inc., Wm. J. Keller Inc., and the S. K. Smith Company. The administration of our high school, the professional and para-professional deserve our gratitude as does especially Miss Eleanor Nelson, chairman of the English Department, Mrs. Arthur Kunkel, yearbook aide, and Mr. Ron J. Partyka, adviser.
